

# Maths: All about the Number Seven

## Home Learning Challenges

7

Hidden around the page are 7 little mice. Can you find them all? Draw a piece of cheese next to each mouse. How many pieces of cheese did you draw in total?

There were 6 flowers growing in a garden. If 1 more is added, how many flowers are there altogether?

Have you seen a rainbow before? Rainbows can appear when it is sunny and rainy at the same time. There are 7 colours in a rainbow: red, orange, yellow, green, blue, indigo (dark blue) and violet (purple). Draw or paint a picture of a rainbow. Can you include all 7 colours?

Ask a grown-up to help you look at a calendar or diary. Can you count the days of the week? How many are there? Can you write a list of the different days?

Have a look at a reading book. Can you find the page numbers? Can you find page 7? Can you see the number 7 on this page too? Can you trace over the numbers at the bottom of the page? You could try writing the number 7 on your own too.

On the Planet Seven, the aliens all have 7 eyes! Can you create a model or a picture of an alien to live on Planet Seven? You could use playdough, empty packaging, or draw or paint a picture of your alien. Make sure you count the eyes very carefully!
