

## Geography

This half term we will be studying rivers including the water-cycle.

Children will expand on their geography vocabulary using appropriate language to describe and explain the features of rivers.

## PE

PE is still on Thursday afternoon. This half term we will be looking at ball skills and invasion games.

Children **must** come in wearing their PE kit.

## Science

In Science, we will be studying the human body and the effects a healthy lifestyle has on our bodies.

We will be exploring the functions of the human body including some of the main organs. Children will use their knowledge to create fact files.

Spring 1

# Year 6 Curriculum Newsletter

## Maths

In the spring term, we will be expanding on our understanding of fractions and begin recognising the links between decimals, fractions and percentages. We will be exploring how to find percentages of amounts alongside multiplying and dividing decimals.

### How you can help at home

- Encourage your child to play TT Rocks Stars to help with their times tables.
- Encourage your child to talk about maths and share their understanding of what they have learnt.

## English

- In English we will be linking our writing to our wide range of curriculum topics and will be writing for a range of purposes.

- Through our English lessons, we will be developing our grammar skills and applying these to our writing.

### How you can help at home

- Encourage your child to read at home every night for 20 minutes and then questions about what they have read.
- Encourage your child to keep a diary to write about their experiences.

## RE

In RE we will be comparing and investigating the beliefs around how Christians believe the world was created and how Science believes the world was created. Through respecting differing viewpoints, we will be discussing and analysing these.
