

RE

We will be looking at how some people see life as a journey. Children will learn about significant times in the lives of

Christian and Jewish people.

PE

PE is every Wednesday afternoon. Children must come into school in their PE kits.

The sports we will practising will be:

Tag rugby and Gymnastics.

Science

In science children will be learning about light and dark. They will work on finding out why both are important and investigate best reflective materials for making bags.

Autumn 1

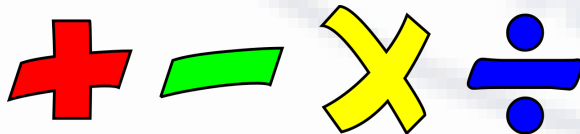

Year 3 Curriculum Newsletter

Maths

We will be looking at developing children's understanding of place value and addition and subtraction.

How you can help at home

- Encourage your child to play TT Rockstars to help with their times tables daily.
- Continue to work in their times table books.
- Develop your child's understanding of the value of each digit in a number.

English

Children will be linking their English work with our topic – Stone Age. They will be learning how to write a setting description, story of time travel and an information text. Children will edit their work to make it better.

Reading will continue to be taught daily through a range of text types and a class book will be shared regularly to encourage reading for pleasure.

How you can help at home

- Encourage your child to read at home every night for 20 minutes and ask them questions about what they have read.
- Encourage your child to keep a diary to write about their experiences.

Topic

Our topic this half term is Stone Age. Children will be learning how people lived during that time, types of homes and compare life then and now.

Children will also get the opportunity to learn about cave paintings and use a variety of resources to make stone age outfits and jewellery.
