

## Writing

In our writing lessons, we will be focusing on securing the basics for sentence writing: capital letters, end stop punctuation, finger spaces and checking for sense.

We will do this through writing a letter, character and setting descriptions and a short story.

To support your child at home, encourage them to write! The children also love correcting mistakes made by adults!

## Spelling

Each week, the children learn a new spelling rule which they will be tested on the following week. The spelling rule and words will come home with your children so that they can practise.

Spelling tests are on Monday.

## Maths

This half term in Year 2, the children will be learning about multiplication and division. We will explore the concepts of multiplying and dividing by 2, 3, 5 and 10.

## Science

In Science, the children will learn about habitats. They will explore the school environment and see which mini-beasts live in microhabitats. We will also learn about the characteristics of living things so that the children can identify what is a living thing.

## Spring 2 Paddington

# Year 2 Topic Overview

## Computing

This half term, the children in Year 2 will be using 2count on Purple Mash. Children can access Purple Mash through the school website if they would like to try coding at home.

## Geography

The children in Year 2 will be learning about Peru and London.

We will be using atlases and globes to support our learning.

## Art

In Design and Technology, the children in Year 2 will be learning different skills and techniques to create a Paddington sculpture out of clay.

## PE

PE is every **Monday**.

The children should wear their PE kit to school. This half term the children will be learning about ball skills.
