

Computing

In Year 6 we will be exploring coding in computing. We are going to use our skills to develop and write 'code' for a game.

PE

PE is every Thursday afternoon. Children must wear their PE clothes to school for this day. Please remember to bring a water bottle to keep hydrated.

Science

Last half term we began studying how to look after our bodies and how our bodies work.

We will be continuing to develop our understanding of this and will be focussing on creating information leaflets in order to share our learning.

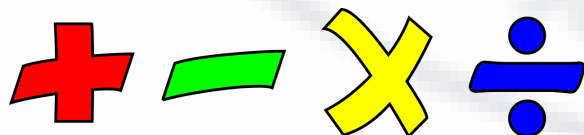

Spring 2

Year 6 Curriculum Newsletter

Maths

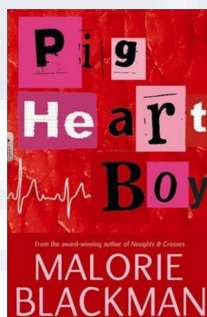

This half term we will be focussing on developing our skills in the following areas of maths:

- Units of measure and converting between them (mm-cm-m) (m-km) (ml-l)
- Area and perimeter
- Shape and geometry

English and Reading

In English this half term we will be linking our writing to our book study of 'Pig Heart Boy' by Malorie Blackman. We will be completing a range of writing genres including:

- Letter writing
- Narratives
- Leaflets

How you can help at home?

- Ensure your child is completing their homework. They will now have 1 piece of maths, reading and grammar each week.
- Encourage your child to read every night and talk about their book where possible.
- Ask questions about what your child has learnt at school, encouraging them to explain or teach you the skills they have learnt.
