

Writing

In our writing lessons, we continue to focus on securing the basics for sentence writing: capital letters, end stop punctuation and finger spaces.

We will do this by writing character and setting descriptions for 'Jack and the beanstalk' and instructions on how to plant a sunflower.

Phonics and Reading

The children will have daily phonics lessons.

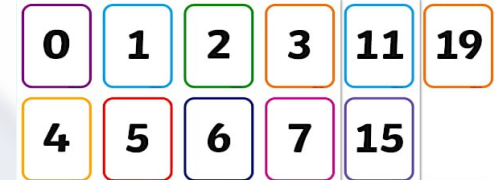

The children will continue to take home phonics reading books. It is important that parents read everyday with their child to secure their understanding.

In Reading lessons, the children will learn about the different reading skills: retrieval, inference, prediction, summarising and understanding vocabulary.

Maths

The children will be learning place value to 20 using number lines and number tracks.

They will use the number line to find one more and one less than a number and look at the composition of numbers to 20.

Science

The children will be learning about plants and how they grow. We will be planting sunflower seeds and watching the changes it makes as it grows.

The children will be learning about the lifecycle of a plant and the different types of trees and plants.

Spring 1- Enchanted Garden

Year 1 Topic Overview

Geography

This half term, the children in Year 1 will be learning about the weather. We will discuss what clothes to wear in different weathers and how the weather changes across the world. We will also be comparing climates and looking at the weather in Australia.

PSHE

The children will be learning about safety. We will learn strategies to use if we get lost and who can keep us safe in our communities.

Art

The children will explore different techniques to create a piece of artwork inspired by Van Gogh.

PE

PE is every **Tuesday**. This term we will be learning Gymnastics. The children will be focusing on balancing, rolling and then creating a sequence of moves.
